Mr. Jenkins chairman of the committee on education, delivered the following report:—

The committee on education to whom was referred the petition of the Trustees of the Franklin Academy, in Baltimore county, praying that the donations to academies in said county may be apportioned to the several academies in the county according to the number of classical schools in each of said academies, have had the same under consideration, and after mature deliberation (having first considered the remonstrances to said petition of the Manchester United Academy) beg leave to report—

That they are of opinion that the prayer set forth in said petition, embraces a new and important proposition, conflicting with the public policy of the State as now established by law, which it would not be proper at this time to disturb. They therefore, ask to be discharged from its further consideration, and that the petitions have leave to withdraw their petition.

All which is respectfully submitted,
